

# “Geodemographic analysis for schools” Making data based decisions for the development of your school

Presented by

**Peter Buckingham**  
**Managing Director**  
**Spectrum Analysis**

# What does “Analysis” cover?

- Big Picture:
  - Greenfield sites
  - Major capital expenditure – expansion
  - ELC’s
- Operations
  - Enrolments
  - Marketing
  - Buses
- Strategy – NOT “wet finger in the air”
- Analysis relies on DATA

# Publically available data to understand

- Socio Economic Index for Areas (SEIFA)
- Census 2016 & 2021 (including ethnicity and religion)
- Census 2021 data related to type of school attended
- ABS pop projections 2017 – 2032 (Total and School Age)
- MySchools + ACARA data
- ACECQA ELC etc

# Your information

- 2021 & 2023 student data (also 2016 if available?)
  - DOB, address, feeder school, class year, use school buses?
- Future enrolments
  - DOB, address feeder school (if known), year of admission and class year
- Alumni
  - whatever data is available
- Private Bus Routes and student users
- Boarders past, current and future (if a boarding school)

# Mapping makes data easy to find

Imaginary Jells Park school on our website

<https://map.spectrumanalysis.com.au/mapserver/DemoJellsCollege/Map.html>

# Analysis

Using data to make  
better business decisions

# Exerts from our Demo Jells College Analysis

<https://spectrumanalysis.com.au/wp-content/uploads/spectrum-analysis-australia-jells-college-sample-geodemographic-analysis-report.pdf>

# Project Instructions

- Map out Jells College's current 2023, 2021 & 2016 students
- Map out all future enrollments and alumni
- Penetration analysis based on Non-Government (Incl. Catholic) Students from the census 2021
- To compare various demographic trends across 2021 Census data with student Penetrations
- Define Primary & Secondary Catchment Areas
- Provide possible new areas for Marketing based on demographics and low penetrations
- Map out the current Bus Routes and make recommendations for any new possible Bus Routes

# Catchment Areas

# What value can we achieve?

- Understanding and mapping where current students come from
- Understanding where future students are coming from
- Identify the future growth areas and where to market
- Review bus routes and make sure they are effective
- Understanding available information = informed decisions
